

# MERL Services

---

Utilisation-focused monitoring, evaluation, research, and learning — for decisions that cannot wait.

Evidence designed for programme boards and ministry leadership: comparable where multi-country portfolios require it, concrete enough to change course, and built for the constraints of multi-partner delivery.

## WHAT WE DELIVER

### Evaluation

Independent and utilisation-focused evaluations aligned to OECD-DAC and partner standards.

- Baseline, mid-term, end-term, and impact evaluations
- Multi-country and multi-partner portfolio reviews
- Thematic and formative learning reviews

### Monitoring & results systems

Indicator architectures and learning cycles that feed adaptive management.

- Results frameworks and theory of change
- Indicator systems and data quality assurance
- Portfolio synthesis for leadership decision cycles

### Research & institutional learning

Mixed-methods research and learning processes that remain with the institution.

- Mixed-methods research design and delivery
- Evidence synthesis for policy and practice
- Communities of practice and utilisation-focused learning loops
